Many thanks for the clips and the note.

I finished OSWALD IN NEW ORLEANS: CIA WHITEWASH in April. Bell backed out on it and it will now be published by Parallax, I hope soon.

I have also finished PHOTOGRAPHIC WHITEWASH: KENNEDY ASSASSINATION PICTURES. The first copies are back fromthe printer. It replaces WHITEWASH III. If you ordered that you get this soon Flyer enclosed)

The New Orleans book also comes from what would have been III. That book would habe been entirely impossible. As you will see, the current one is a third larger than the first and the NO one is much larger than it. So, I'll keep working on the others, hoping I can get the rest in a single work.

Excuse haste. Thanks.
